SweetSpot Labs™ KISS'd Compensation Plan

SweetSpot Labs™ is proud to introduce for the 1st time the newest solution to Feminine Hygiene as well as the most modern and unique opportunity for Direct Selling – Keep It SweetSpot KISS'd Compensation Plan™ (KISScp)

KISScp - 40% Retail Profit; 40% Upline Commission.

Using the power of people, girl power, KISScp is designed using the acronym that it represents – Keep It Simple; 3 steps, 3 phases, 3 customers; focus on 3 principles at a time so the people can work the business and show how girl power can integrate Intimate Grooming™ and well-being products into the beauty rituals of as many women as we can, as fast as we can, and in doing so, offer women a means to generate income.

KISScp is designed to be fair and equitable, an annuity opportunity based on your commitment to your business. We are retail driven and know that if you sell the products, focus on the core principles recommended, the business will come. KISScp is designed to help people reach their personal income goals either with a full-time or part-time effort on their part. You decide.

“Retailability” and product reorder rate will always determine the strength of any opportunity. Our products are unique, an un-exploited category awaiting exploitation and is available to individual KISS Distributors (KISSd). Our KISScp is powerful. It is designed for momentum, building sales growth, and with your help—we know it will lead to one of the fastest growing direct marketing companies in the industry.

Of course there are no guarantees regarding income. Retail profits, commissions and bonuses are based on the retail sale of products to consumers and the effort to share the business with others. The success or failure of each KISS'd, like any other independent business, it depends on each KISSd's own skills and efforts

We empower women to maximize their state of well-being through their feminine power and strength; with wit, wisdom and integrity, let's applaud the very essence of a woman. And always enjoy being a girl.
